REQUIREMENTS OF A CERTIFIED UNPLOWED GROUND PARENT-COACH

As King's Ranch has grown and expanded, its mission has remained the same. King's Ranch exists to equip families to restore the childhoods of children affected by trauma... by rewiring brains, cultivating hearts, and sowing seeds of the gospel. Our vision is to end the cycle of abuse in their generation.

As a certified Unplowed Ground Parent Coach, you will need to adopt this vision and mission as your own. If your view of the coaching opportunity is to do your own thing or to mix Unplowed Ground with other methods, this certification process is not for you. This program is meant to be implemented correctly, completely, and exclusively.

As a certified Unplowed Ground Parent Coach, it is expected that you conduct yourself as an ambassador of King's Ranch Center for Childhood Trauma Recovery, its guiding principles, and its mission and goals as mentioned previously.

What Do I, As A Certified Parent Coach, Do?

Our certification program is designed to provide you as the coach candidate with the knowledge and experience you'll need to begin coaching parents who are current participants or graduates of the Unplowed Ground Jumpstart course provided by King's Ranch.

Once you have completed your trainings and are a certified Unplowed Ground Parent Coach, you will receive a next steps email from our staff on how to set up your contractor account on Quickbooks. You will also receive information on setting up an account through Acuity and Zoom, our scheduling and consultation platforms. Keep in mind, as a parent coach you are a private contractor responsible for your own taxes, schedule, and extended in-home services.

King's Ranch will also provide a training on how to navigate the Unplowed Ground Website and the Jumpstart Portal, which you will have unlimited access to as a parent coach. This will allow you to see all of the resources that the families you are coaching have access to throughout their 5 weeks of Jumpstart.

Your clients who are currently enrolled in Unplowed Ground Jumpstart will have the benefit of attending the Monday live call with Lee Anne Cooper, with you *being their personal certified coach* conducting their *individual consult* each week at \$45 / consult. Any in-home services would be at your discretion and convenience.

Once you are certified, the training doesn't end there! You will receive on-going professional development and support from our expert Therapeutic Parenting Specialists at King's Ranch.
